Purpose

The *Standalone bushfire plan* document is a detailed plan of how your school is to prepare and respond to a catastrophic fire danger rating alert or to a bushfire event.

You must complete this template to have a plan in place to respond to a bushfire emergency until, during and after the attendance of Emergency Services. This plan is to be read in conjunction with the Department of Education *Principal's guide to bushfire*.

All staff, students, contractors and visitors on the school or facility site are to follow this completed plan in the event of a bushfire emergency. All other emergencies are to be managed in accordance with the school's *Emergency and critical incident management plan*.

You are required to complete and lodge your plan online by the 31 August, before the bushfire season begins.

School newsletter sample text

You can use this sample text below can be used to provide the school community with information about a pre-emptive closure.

Pre-emptive (planned) school closure during the bushfire season

[School name] has been place on the Department of Education bushfire zone register as it is located in a designated bushfire risk area.

If a 'Catastrophic' fire danger rating has been declared for the [City/Town/Shire] of [name of your school's local government area], the school may be required to invoke a pre-emptive (planned) closure. A 'Catastrophic' fire danger rating poses a significant threat to the school as if a fire starts, it is likely to be uncontrollable, unpredictable and fast moving.

Parents will receive a text message to inform them of a possible Pre-emptive closure of the school.

The final decision to pre-emptively close the school will be confirmed with the principal no later than 4.30pm on the day before the pre-emptive closure. If the forecast changes after the 4.30pm deadline, the school remains closed to limit confusion within the school community.

Parents will receive a text message to either confirm or reverse a Pre-emptive closure of the school.

Typically, schools will only be required to close for a day at a time. However, this will depend on changing weather conditions. Parents will receive a text message to advise if the school will reopen the day after the pre-emptive closure, or whether it will remain closed.

Parents are encouraged to monitor official bushfire information sources for current information about fire danger ratings:

1) [Emergency WA website](https://www.emergency.wa.gov.au/) - <https://www.emergency.wa.gov.au/>

2) **Department of Fire and Emergency Services**

Information line – 13 33 37

3) **Local radio**

- [ABC Emergency WA](#)
- ABC local radio
